Privacy Policy for YouTube Playlist Manager App

Last Updated: November the 25th, 2025

Thank you for using **YouTube-Auto-Delete** . This Privacy Policy explains how we collect, use, store, and protect your information when you use our service. The App is designed to help users efficiently manage and remove videos from their YouTube playlists using the official YouTube API.

---

1. Information We Collect

1.1. Google / YouTube Account Information

When you sign in using Google OAuth, we receive limited information from your Google account:

- Your **Google account ID**
- Your **email address** (read-only)
- Your **YouTube playlist and playlist items** metadata

We do **not** collect or store your Google password.

1.2. App Usage Data

To provide core functionality, the App may temporarily process:

- Playlist IDs
- Video IDs
- Video metadata (title, privacy status, channel name)

This information is used **only** to identify which videos should be removed.

1.3. Automatically Collected Technical Data (Optional)

We may collect anonymized, non-identifiable information to improve performance:

- Device type
- Browser type
- Operating system
- App performance metrics (e.g., error logs)

This data does **not** identify you personally.

---

2. How We Use Your Information

We use your information strictly for the following purposes:

- To authenticate you via Google OAuth
- To access and modify your YouTube playlists as requested
- To process video deletions from playlists
- To improve App performance and reliability

We do **not**:

- Sell your data
- Share your data with third parties
- Use your data for advertising or profiling

---

3. Data Storage & Retention

- We store only the minimum amount of data necessary to operate the App.
- Session tokens may be stored securely to maintain your login state.
- We do **not** permanently store any playlist or video metadata.

- All temporary processing data is automatically deleted after the operation is completed.

You may revoke the App's access at any time via your Google Account security settings.

---

4. Data Security

We take strong measures to protect your information:

- Encrypted communication using HTTPS
- Secure server-side storage of session tokens
- Industry-standard best practices to avoid unauthorized access

Despite our efforts, no system can be 100% secure, and we cannot guarantee absolute security.

---

5. Third-Party Services

This App uses:

- **Google OAuth** for authentication
- **YouTube Data API v3** for playlist management

Your use of YouTube through this App is subject to:

- Google Privacy Policy: https://policies.google.com/privacy
- YouTube Terms of Service: https://www.youtube.com/t/terms

---

6. Your Rights

You have the right to:

- Revoke Google OAuth access at any time

- Request deletion of any stored sessions or related information
- Stop using the App at any moment

We do not store long-term personal information, but we will comply with any valid user requests.

---

7. Children's Privacy

The App is not intended for children under the age of 13. We do not knowingly collect information from children.

---

8. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Significant changes will take effect immediately upon being posted in the App.

---

9. Contact Us

If you have questions about this Privacy Policy or requests regarding your data, you may contact us at:
